

MEAS PUTTIVIREAK

DATABASE MANAGEMENT

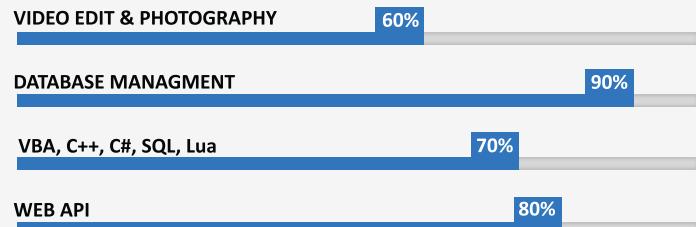

Name: MEAS PUTTIVIREAK

Birth: 17-03-2004

Gender: Male

Marital Status: Single

Place of Birth: Phum Kork Kleang,
Songkat Phnom Penh Tmey, [Khan
SenSok, Phnom Penh].

EXPERIENCE

CODING

CLASWORK-SETEC INSTITUTE

I have extensive knowledge of coding, gained through my project work. Most of my projects have been highly recognized by my instructors, showcasing my problem-solving skills, attention to detail, and technical ability in software development.

WEB DESIGN API

PROJECT FM API - PERSONAL WORK

I am also skilled in web design and API coding, currently working on API development for a Family Management project, ensuring efficient and structured digital solutions.

DATABASE MANAGEMENT

WATER BILL SYSTEM - WATER SUPPLY KOMPONG CHAM

I developed a water billing system for a water supply company in Kompong Cham. The client was very satisfied with my work. This project demonstrated my ability to design and implement efficient, user-friendly systems that meet real-world business needs.

VIDEO EDIT & PHOTOGRAPHY

SHOOTING PRODUCT - PERSONAL WORK

I have a good eye for photography, specializing in product shooting, and possess basic video editing skills, allowing me to create high-quality visual content.

MIDDLE/HIGH SCHOOL

Samdech Hun Sen Phnom Penh Thmey High School

I did well in middle school, but I wasn't as strong in math and science. Instead, I focused more on technology, which helped me develop skills in coding, design, computer hardware and software.

COMPUTER SCHOOL

Samdech Hun Sen Phnom Penh Thmey High School

I did every well in Computer class I learned about all Microsoft office, hardware and I learned how computer and software work with each other.

ENGLISH SCHOOL

BELTEI ENGLISH SCHOOL

I did every well in English class. but I didn't finish all the class because of budget problem.

COLLEGE

SETEC Institute

I am currently a third-year student at SETEC Institute in 2025 as MIS (Manage information system). Throughout my studies, I have developed many skills, including coding, database management, and web development.
